

This is what you should see once the modules page loads.

You'll notice that some of the units are bright while others are dark. The bright ones are starting points and are open for you to play. The dark ones will open up once you show competence in the light ones preceding them. Click anywhere on the box to open that unit.

Bright unit.

Dark unit that will open up as you pass levels in the prior unit.

The screenshot shows a language learning interface with a grid of units and a list of dialect icons on the left. At the top, there are 'Modules' and 'Coins' (0, 0, 0) and 'Usage' (0, 0, 0, 0, 0) indicators. The grid contains units such as ASLA 1, ASLA 2 LI, ASLA 2 LII, Body Parts LI, Body Parts LII, Animal Names, Body Parts ALL, Numbers 1-20, Tally Marks 0-31, ASLA 4A, ASLA 1 & 4A, ASLA 4B, ASLA 2 & 4B, ASLA 3 LI, ASLA 3 LII, ASLA 4C, ASLA 3 & 4C, ASLA 5A, ASLA 5B, and ASLA 6A Sing. Each unit has a 'Verbal Score' of 0 and a star icon. The 'ASLA 1' unit is highlighted in bright green, and the 'Atqasuk, Nuiqsat, Qaaktuġvik, Utqiaġvik' dialect icon is also highlighted in bright green. Red arrows point to the 'ASLA 1' unit and the 'Atqasuk, Nuiqsat, Qaaktuġvik, Utqiaġvik' dialect icon.

Click on one of the icons to select the dialect you want to learn before selecting the unit you want to learn.

This is what you should see when the game you select opens.

The game will automatically load to the first level of play which is the orange level. It is a good idea to go to the pre-play level which is VIVA I. You can do that by clicking on the VIVA I icon.

This is what you should see when the the VIVA I level loads.

This level allows you to click on each of the pictures in that unit to hear their description.

Once you are finished listening to all the descriptions, go back to the first level of play by clicking on the orange box.

That's it! From this point forward you should be able to navigate the site on your own. Each time you go to a unit it will automatically load the level you should be playing at.

Enjoy your learning!
