

How to Turn Off Pop-Up Blockers for Safari, Firefox, and Chrome.

Safari > Preferences > Security

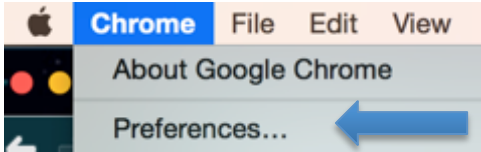

Firefox > Preferences > Content

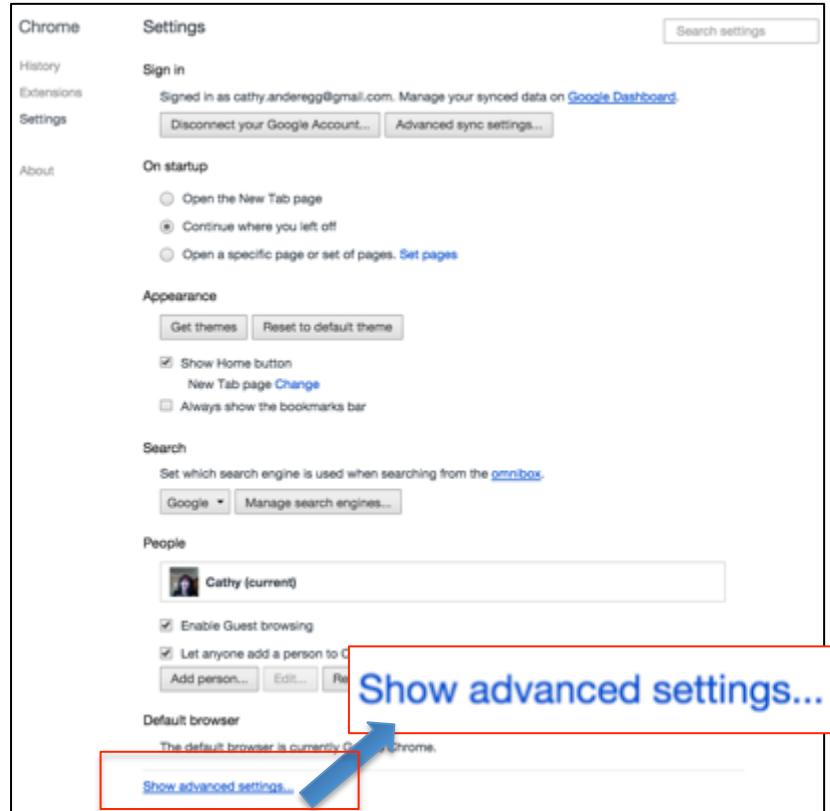

[Click here for Chrome Directions](#)

Chrome > Preferences > Show advanced settings... > Content Settings...

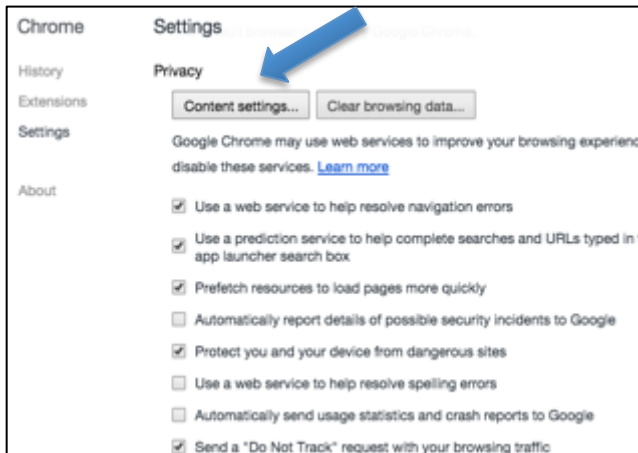

1. Click on Preferences

2. When this window appears, click on "Show Advanced settings."

3. Scroll down until you see the Privacy section. Click on "Content settings..."

4. Choose the "Do not allow..." setting if you do not want pop-ups to appear.
